

How to View Meter Reads and Supply Levels Xerox Versalink/Altalink

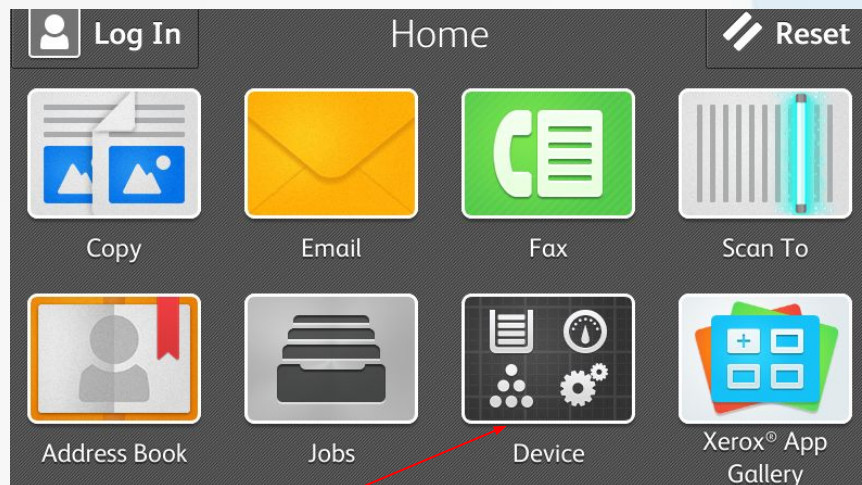

Solutions for document management.

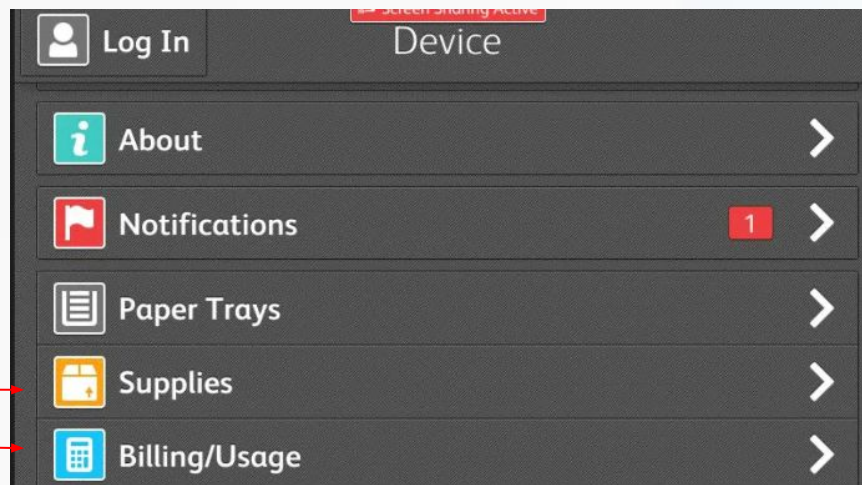

From the Operation Panel of the Copier
Navigate to the [Device](#) Button.

After Clicking Device you will see all of the
settings options available.

In order to See the Current Meter Readings
Please Choose [Billing/Usage](#).

In order to see the Current Supplies
Life/Remaining Status please Choose the
[Supplies](#) Tab.

The **Supplies Tab** will list the Supply Levels on the components as a percentage. The levels will go down by 1% Increments to show accurate readings at all times.

Color machines will show 4 Toner Levels, the Black and White Models will only show the Black toner levels.

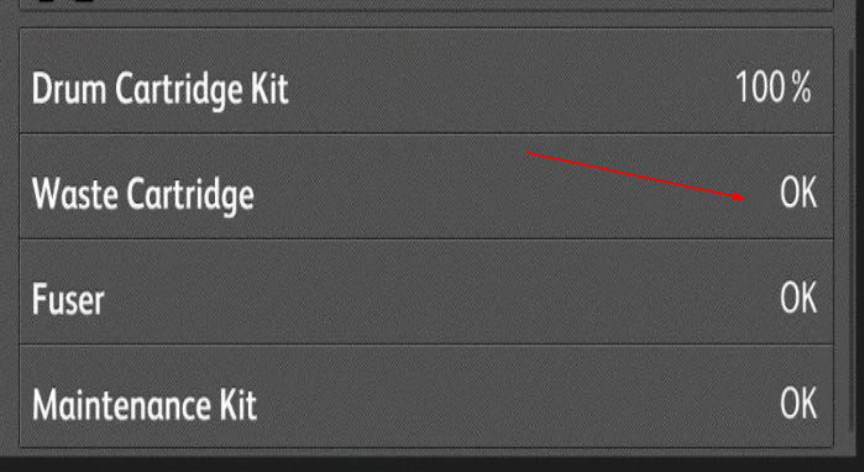

If you scroll down you will see the Other Supply related components.

You will see an **OK** if the component is in an operational state, These are automatically monitored and Reset by the machine upon replacement.

If a Message appears for service on one of these components, you can contact Reliable Office Technologies for further Assistance.
